}

Example

- When you get the Credentials file save it on the computer running CSRDS.
- In CSRDS select Properties from the Tools Menu and click the HD/IP Output Tab.
- Click the blue "Click Here to Import Codes" area
- When the browser opens, select the credential file for this station. When Prompted, verify the station and click OK
- Click OK to save the settings and retrun to the Main Controller Window
- Click F5-Start to put CSRDS back on-line

****Note:** You will need CSRDS version 9.6.5001 or higher. If you are running an earlier version
 Exit all Center Stage Programs, start CSSchedule,Select Check for Updates and follow the on-screen instructions
 When completed, restart the Center Stage Live programs
